Portable concrete pumps

PC 506

Description
A complete range, whether on small job sites, shotcrete pumping or big civil works. In every situation, these pumps all have the basic characteristics of stability, low running costs and pumping consistency. Available in diesel or electric version, noiseless or flameproof.

All pumps are provided with excellent standard supply, complete with a wide choice of accessories which determine their versatility, making them ideal for work on big job-sites outside town and in town centres.

Main features
The Cifa portable concrete pump series offers a wide range of models which satisfy the various needs of concrete pumping and handling both in tunnels and above ground, over long distances and at considerable heights.
The Cifa original pumping unit presents characteristics of resistance, long life and exceptional performances with any type of concrete.
All models have a rigid monoaxle trailer complete with drawbar, four manual adjustable outriggers and two rubber wheels.
The power source is provided by separate engine (Diesel or Electric).
The main pump is an axial piston type with variable flow and constant power; gear pump is used for auxiliary services.

Standard equipment
• Electric vibrator on the hopper grid
• Rigid monoaxle trailer
• Drawbar
• N° 4 manual outriggers
• Concrete outlet piping with bend and counterbend reduction device up to 5"
• Hydraulically driven water pump 70 l/min - 20 bar
• Concrete flow rate regulator on board
• Washing pipe complete with nozzle
• Connection flange for washing
• N° 2 sponge rubber balls
• Remote control with 20m cable
• Acoustic signal for diesel engine breakdown
• One colour painting

Options
• Multistage centrifugal water pump (300 l/min - 20 bar)
• Hydraulically controlled air compressor, bicilindrical, two-stage capacity 700 l/min intaken, max. pressure 10/12 bar, complete with accessories, stopballs cage and stub pipe
• Stopballs cage and stub pipe diam. 5.5" with joint
• Catalytic silencer for Deutz engines
• Water silencer for Deutz engines
